

What does Turn»Key Worship provide?

PLANNING.

You will receive a worship service with music, liturgy, and readings planned out for you every week.

PREPARING.

Bulletin. We will prepare a detailed bulletin in document form that you may print as given or copy and paste the material you would like to include into your own format. The congregation will be able to add their own text for readings, prayers, and sermons if they would like.

Media/Video Presentation. We will prepare a lyric or notation video for each of the songs and media for the other elements of the worship service. The congregation will be able to add their own text for readings, prayers, and sermons if they would like.

EXECUTING.

Professionally Recorded. We will record songs every week in a professional studio with qualified engineers. The songs will be arranged in a musically interesting way, but also in a way that encourages congregational singing.

No Musicians Required. Because we provide everything you need, you will not need your own musicians to fully execute a service. However, as defined below, you will have the flexibility to use others as you would like.

FLEXIBILITY.

Special Music. If you would like to subtract any of our songs and put in special music done by your own musicians, groups, or the like, you may do so.

Sacraments. We will provide liturgical settings that may be added to any service that may include Baptism or Holy Communion.

What does the congregation need to provide?

PRINTING

Each congregation will be responsible to print their own bulletins. We will provide the bulk of the content that you will need for the bulletin, you simply copy and paste the content you choose to use.

COMPUTER/PROGRAM

Audio and or video is to be played through a computer, tablet, phone or other electronic device.

MEDIA OPERATOR

Someone will need to download the files from koineworshipmedia.com and insert them into a presentation software.

Someone will need to operate the presentation software to flip through the slides and videos during the worship service.

WORSHIP LEADER/PASTOR

There will still be a need for someone to do live prayers, readings, and a sermon.

What does it cost?

ANNUAL SUBSCRIPTION

\$99 per week (52 Sundays = \$5148) or \$429 per month
